In assigning your right, the accredited provider will be entitled to create and own the Certificates for the activity undertaken at your premises, and provide you with a financial benefit (e.g. price reduction on a product, free installation or a cash-back arrangement). If you choose to assign your right to create Certificates to Rheem, you will receive the financial benefit either by Point of Sale Discount or after the VEECs have been created. You are responsible for ensuring you are satisfied with the terms of the assignment of Certificates to Rheem (as detailed below) prior to proceeding with the activity.
